

Ying Jin, Ph.D.

Postdoctoral fellow
Biostatistics and Computational Biology Branch
National Institute of Environmental Health Sciences
National Institutes of Health

214 W Union St, Hillsborough NC 27278
yingjin2465@outlook.com
1(347)276-6489
ORCID: 0000-0002-0866-1634

EDUCATION

- 2024 **Doctor of Philosophy, Biostatistics**
University of Colorado Anschutz Medical Campus, Aurora, CO
- 2019 **Master of Arts, Statistics**
Columbia University, New York, NY
- 2017 **Bachelor of Science, Mathematical Finance**
Dalian University of Technology, Dalian, Liaoning, China

RESEARCH EXPERIENCE

- 2025-present **Postdoctoral Fellow (PI: Shanshan Zhao)**
Biostatistics and Computational Biology Branch
National Institute of Environmental Health Sciences
National Institutes of Health, Durham, NC
- 2022-2024 **Graduate Research Assistant (PI: Dr. Ciprian Crainicean)**
R01 grant #NS06091
Department of Biostatistics and Informatics
University of Colorado Anschutz Medical Campus, Aurora, CO
- 2022-2019 **Graduate Research Assistant (Supervisor: Ryan Peterson)**
Center for Innovative Design & Analysis
University of Colorado Anschutz Medical Campus, Aurora, CO
- 2018-2019 **Research Assistant (PI: Sean Luo)**
Division on Substance Use Disorders
Columbia University Mailman School of Public Health, New York, NY
- 2015-2017 **Research Assistant (PI: Xiaohua Sun)**
Department of Economics and Management
Dalian University of Technology, Dalian, Liaoning, China

TEACHING EXPERIENCE

- 2025-present **Graduate Student Mentor**

Biostatistics and Computational Biology Branch
National Institute of Environmental Health Sciences
National Institutes of Health, Durham, NC

- 2025 **Statistical Inference Course Instructor**
Biostatistics and Computational Biology Branch
National Institute of Environmental Health Sciences
National Institutes of Health, Durham, NC
- 2024 **Summer Educational Program Instructor**
Department of Biostatistics and Informatics
University of Colorado Anschutz Medical Campus, Aurora, CO
- 2023 **Git Version Control Tutorial Instructor**
Department of Biostatistics and Informatics
University of Colorado Anschutz Medical Campus, Aurora, CO
- 2021 **Teaching Assistant for Biostatistical Methods II (PhD/MS level)**
Department of Biostatistics and Informatics
University of Colorado Anschutz Medical Campus, Aurora, CO

WORK EXPERIENCE

- 2023 **Clinical Analytics Intern (Supervisor: Dalei Chen)**
Otsuka Pharmaceutical Companies (U.S.), Princeton, NJ
- 2015 **Financial Analyst Trainee (Supervisor: Julia Chan)**
AXA Hong Kong Group, Hong Kong, China

GRANTS

- 2021-2022 CCTSI Translational Methods Pilot Program Award of Biostatistics/Bioinformatics
#UL1 TR002535

LEADERSHIP AND SERVICES

- 2025 **Career Panel Committee of the NIEHS Career Symposium**
National Institute of Environmental Health Sciences
National Institutes of Health, Durham, NC
- 2021 **Student Representative of PhD Biostatistics Program**
Department of Biostatistics and Informatics
University of Colorado Anschutz Medical Campus, Aurora, CO
- 2020 **Volunteer Teacher for Middle School Students**
Think Like a Scientist (TLaS), Aurora, CO

2017

Volunteer Data Analyst

Democratic Freedom DataDive, New York, NY

PRESENTATIONS

Oral presentations

- mlEDA: an interactive tool for guided standardized exploratory analysis workflow of multivariate longitudinal data. Joint Statistical Meeting, Boston, Massachusetts, August 2026.
- Multivariate Longitudinal and Functional Data Analysis with Interactive Translational Tools. NIEHS/University of Michigan Collaborative Meeting, Durham, North Carolina, September 2025
- Efficient Dynamic Prediction of High-density Multilevel Generalized Functional Data. Joint Statistical Meeting, Nashville, Tennessee, August 2025
- Dynamic Prediction of High-density Repeated Measures with Fast Generalized Functional Principal Component Analysis. WNAR/IBS/Grabill Annual Meeting, Fort Collins, Colorado, June 2024
- Dynamic Prediction of Generalized Functional Data. WIT group meeting at John Hopkins University, Remote, Dec 2023
- Dynamic Prediction of Generalized Functional Data. WNAR/IMS Annual Meeting, Anchorage, Alaska, June 2023
- Identify Shortcomings of Estimators of Discriminative Performance in Time-to-Event Analyses: A Comparison Study. WNAR/IMS Annual Meeting, Remote, June 2022

Posters presentations

- Visual Interactive Model Selection in Context-Driven Team Science. Colorado School of Public Health Research Exchange 2022, Aurora, CO, Sept 2022
- Visual Interactive Model Selection for Determining Predictors of Lung Function. The International Society for Computational Biology Conference, Aspen, CO, Dec 2021.
- Urine Drug Screen Trajectory as a Universal Outcome Predictor: Overcoming Limitations of Logistic Regression as a Canonical Technique for Binary Outcome Modeling. Scienstista Symposium, Boston, MA, May 2019
